Education

University of North Texas

Bachelor of Science in Computer Science, Honors College

Relevant Coursework: Data Structure, OOP, Software Engineering

Denton, TX

Expected: May 2028

Skills

Programming: C/C++, Python, JavaScript, HTML, CSS, React

Frameworks & Libraries: Node.js, Express, Framer Motion

Tools: Docker, Git, GitHub

Soft Skills: Problem-Solving, Critical Thinking, Communication, Teamwork, Data Analysis, Data Modeling

Projects

Personal Portfolio Website

- Developed a fully responsive personal portfolio using React with animated UI/UX powered by Framer Motion.
- Strengthened understanding of web development, server integration, and APIs.
- Gained experience in full-stack development, web services, and front-end frameworks, aligning with enterprise web application development.

Bank Account Management System | C++

- Developed a C++ console-based Bank Account Management System with core operations (open, deposit, withdraw, report), applying OOP principles for robust and modular design.
- Implemented a singly linked list and custom Account class with constructors, destructors, and operator overloading to enable scalability, efficient memory management, and data integrity.

Experience

University of North Texas

IT Support, AITS

Denton, TX

May 2025 – Present

- Provided IT support for housing and dining, including troubleshooting technical issues and performing remote support through ScreenConnect; logged incidents in ServiceNow.
- Utilized command-line tools and system diagnostics on Windows and Linux environments to resolve complex technical problems.

Leadership and Activities

Nepalese Student Association | UNT

Undergraduate Advisor

Denton, TX

January 2025 – Present

- Supporting Nepalese undergraduate students—international and domestic—by assisting with onboarding, organizing support sessions, and helping with academic, social, and transitional challenges.
